

### Sprint 4 Report: The Starving Slug 3/16/2018

- Actions to stop doing:
  - Team has been performing very well and meeting up regularly. There are no actions that the team should really stop doing.
- Actions to start doing:
  - Define models upfront and don't delete attributes later.
- Actions to keep doing:
  - The team should keep team members posted on what you're doing through Slack. This gives an idea on how much work everyone has done.
  - The team should keep on having coding sessions.
- Work completed:
  - User session JWT implemented
  - Connect all backend endpoints to frontend
  - Polish UI and link all pages together
  - Merge branches on github and test
  - Back end testing
  - Integrate comment functionality
  - Integrate rating functionality
- Work not completed:
  - Bookmarking recipes
- Work completion rate:
  - Total number of user stories completed: 8
  - Total number of estimated ideal work hours: 30
  - Total number of days during the sprint: 12
