Sprint 3 Report: The Starving Slug 3/04/2018

- Actions to stop doing:
    - Team has been performing very well and meeting up regularly. There are no actions that the team should really stop dong.
- Actions to start doing:
    - Define models upfront and don't delete attributes later.
- Actions to keep doing:
    - The team should keep team members posted on what you're doing through Slack. This gives an idea on how much work everyone has done.
    - The team should keep on having coding sessions.
- Work completed:
    - User session JWT implemented
    - Connect all backend endpoints to frontend
    - Polish UI and link all pages together
    - Merge branches on github and test
    - Back end testing
    - Integrate comment functionality
    - Integrate rating functionality
- Work not completed:
    - Bookmarking recipes
- Work completion rate:
    - Total number of user stories completed: 8
    - Total number of estimated ideal work hours: 30
    - Total number of days during the sprint: 12
